Testers approved for an Excel Warranty Application

Test results from the following models will be accepted for the application of an Excel Warranty. All test results shall be submitted in the tester manufacturer format. PDF results are not accepted.

Other testers will be considered for inclusion on the list. Enquiries from installers, or tester manufactures, for adding models to this list may be made by emailing technical@excel-networking.com. To avoid any unnecessary delays in the warranty process, requests for models to be added to the list must be made before undertaking testing. Do NOT submit results from testers not on the list.
All testers shall be fitted with the appropriate heads (Permanent Link, Singlemode, etc)

Copper Testers:

Fluke	DSX-5000
	DTX-1800
	DTX-1200
